

### Congratulations!

To Jo on starting her distance learning two year MSc in Restorative Dentistry at Birmingham University. Pictured to the right: Jo with Professor Trevor Burke at the University during her recent residential week

### Renovations

Work on the green treatment room has now been completed. It's lighter, brighter, more spacious, and the chair is very comfortable!

The UK wide **Dental Check by One** campaign has been launched by the British Society of Paediatric dentistry in partnership with the Office of the Chief Dental officer.

The aim of the campaign is to increase the number of children who access dental care aged 0-2 years. We are committed to giving young children a dental examination and advice. Please arrange an appointment.

### New Patients Welcome

We are always pleased to see new patients and are especially happy to welcome patients referred by our existing loyal patients. Please keep recommending us!

### We are a Dementia Friendly Practice...

Our staff and dentists attended the recent Dudley Dementia training event. We learned that dementia is still highly underdiagnosed in the borough and that GP's want our help in enabling people with memory difficulties to access a memory assessment.

Training and advice was given as to how we can assist our patients already diagnosed with dementia.

If you or a member of your family are experiencing difficulties with your memory and would like to talk to someone or would like a referral, we can help. Please ask any member of the team.

### Need to cancel?

Please contact us straight away if you cannot attend your appointment. Every month at least 25 appointments are missed without letting us know. Please check your appointment carefully when you receive the reminder letter and text. You can send us a quick email if it is difficult to call.

### Emergencies

Emergency appointments are available every day. Please ring first thing in the morning or leave a message on the answer phone.

Appointments are usually available at 12.15pm and 3.15pm

### Our recent patient survey

Thank you to all our patients who completed the survey in October 2017 and for your feedback. 217 patients took part. We are delighted to say that we had many lovely comments about our friendly, caring approach.

We always welcome any feedback and are striving to improve our service; please complete a slip if you have any suggestions or comments.

### Services

In addition to regular dental care we offer:

Inhalation sedation (Happy Air) to help you relax

Cosmetic dentistry

Dental implants

Inman Aligner and Clear Aligners

Hygiene treatments to assist with a cleaner healthier mouth
